## **Delta Dental Introduces Benefit Carryover Allowance**

Glendale, AZ (June 11, 2008) – Delta Dental of Arizona, the largest dental benefits provider in the state, has introduced their new Benefit Carryover Allowance (BCA) that allows a portion of the member’s unused annual maximum to be placed in a special BCA account to be used in future years. “This option offers enrollees more flexibility and helps them if they need more extensive and costly dental treatments in the future,” explained Bernard Glossy, President & CEO, Delta Dental of Arizona.

Qualified members who have been enrolled for a full 12 month benefit period with all benefit waiting periods satisfied and have at least one claim processed for an allowed dental service, are eligible to carryover up to a maximum of \$500 to the following benefit year. Each member qualifies for their own carryover amount which truly allows them to maximize their dental plan from year to year.

The BCA benefit is offered as an affordable option that can be added to group dental plans available from Delta Dental of Arizona. For more information, groups are encouraged to contact their broker, agent, or a Delta Dental of Arizona account executive at 1-800-352-6132, or visit [www.deltadentalaz.com](http://www.deltadentalaz.com).
