Delta Dental Introduces New High Deductible/High Maximum Plan

Glendale, AZ (October 1, 2008) – Delta Dental of Arizona, the largest dental benefits provider in the state, has introduced their new High Deductible/High Annual Maximum plan that provides comprehensive benefits at a cost effective premium. The high annual benefit maximum will allow employees to receive necessary dental treatments throughout their benefit year while also covering diagnostic and preventive benefits at 100%. “Choosing higher deductibles lowers the premium and offers a way for both employers and employees to save money, while having the same access to the states largest dental network” explained Bernard Glossy, President & CEO, Delta Dental of Arizona.

The High Deductible/High Annual Maximum plan can be offered as a standalone offering or as a compliment to a more traditional plan. When combined with an HSA or FSA, it provides employees with an option to fund their annual deductible and/or any out of pocket expense, offering a flexibility that is not always available on a standard group dental plan.
