

ADD-ON BENEFIT OPTIONS

FOR SMALL GROUP DENTAL PLANS

If your clients want to offer richer dental benefits plans to their employees, add on any of the following optional benefits features to Delta Dental of Arizona’s small group dental plans.

CheckUp Plus™

This add-on gives members more money to use for their basic and major dental procedures. With CheckUp Plus, diagnostic and preventative services **do not apply** to the individual annual maximum. This gives members up to \$350¹ more to use on other covered dental services each year.

Tip: CheckUp Plus is a popular benefit that most agents include in their proposals.

Average Savings Example²

Annual Preventive Care	Member Pays	Delta Dental Pays	Annual Maximum Remaining <i>without</i> CheckUp Plus	Annual Maximum Remaining <i>with</i> CheckUp Plus
2 Cleanings	\$0	\$140	\$1,360	\$1,500
2 Exams	\$0	\$82	\$1,278	\$1,500
1 Set of X-rays	\$0	\$46	\$1,232	\$1,500
Total	\$0	\$268	\$1,232	\$1,500

Composite Fillings

Most members prefer tooth-colored (composite) fillings rather than silver (amalgam) fillings for aesthetic reasons. While our base plans cover composite fillings for the smile line—the front 6 top and bottom teeth that are seen when smiling—all other fillings are amalgam. If your group adds composite fillings to their plan, tooth-colored fillings on all teeth are a covered benefit.

Tip: We highly recommend adding this popular add-on, as it is frequently requested by members and has a nominal cost.

Base Plan

Tooth-colored fillings on front teeth only; Silver fillings may be visible

Composite Fillings Add-On

Tooth-colored fillings available on all teeth

Orthodontics

One of the unique add-on benefits that differentiates us from other carriers is that we offer child-only (ages 8-19) orthodontic benefits to groups with as few as 2 enrolled employees. Plus, there is **no waiting period** for this benefit if your group has prior Indemnity or PPO dental coverage—even if there was no previous group orthodontic coverage. Groups with no prior coverage have only a 6-month waiting period.
