

2024 Community Impact Report

\$1.8M

426K

Contributed through community giving

People reached across the state

From toothbrush donations to free dental screenings, our work goes far beyond benefits! In 2024, we contributed \$1.8 million through community giving, reaching more than 426,000 people across the state. Together with 135 nonprofit partners, we helped provide 1.5 million meals, delivered over 450,000 oral health items and supported vital programs that improve health and wellness for underserved communities. See how we're creating a path to better health and wellness across all 15 counties in our latest press release.

EVENT SPOTLIGHT

Expert Voices In May, we brought together experts across the valley for a

powerful Expert Voices discussion on Integrating Behavioral Health into Primary Care. From addressing workforce shortages to redesigning payment models, the discussion explored why true integration is complex—but worth it! Read the blog to dive into the highlights, barriers and opportunities that lie ahead.

A.T. Still University Launches Special Needs Dentistry Training Program

Delta Dental of Arizona CEO Michael Jones recently joined leaders from A.T. Still University at the AADMD Conference to announce the launch of ATSU's new special needs dentistry training program—the first of its kind in the western U.S. The inaugural session will be held Nov. 5–7, and Delta Dental of Arizona is proud to fund scholarships for six providers from nonprofit public health clinics. Providers interested in applying can contact Barb at bkozuh@deltadentalaz.com for an application.

Lions Camp Tatiyee

Through our support, Lions Camp Tatiyee is launching a new oral health program designed specifically for children and adults with special needs. Through fun, interactive lessons tailored to campers' unique abilities, the program promotes healthy hygiene and eating habits. This program will reach more than 400 campers, many from low-income households and underserved communities across Arizona. We're proud to help fund this incredible work that empowers individuals with special needs to build lifelong habits for healthier smiles.

Valley of the Sun United Way

This summer, as temperatures soared across Arizona, our team helped create 1,000 Heat Relief Kits for the Maricopa County Heat Relief Network. These kits include essential items designed to help vulnerable residents stay safe and cool during the intense Arizona heat. It was a rewarding experience to come together and contribute to a cause that truly makes a difference during our hottest months.

QUIZ!

%%=ContentBlockbyID("55626")=%% %%=ContentBlockbyID("112496")=%%

Answer: False

Dental X-rays may be important for the mother's oral health, and they are safe for the baby.
